RESPONSE

Sir:

In response to the Communication dated November 18, 2008, alleging the submission of two different sets of application papers filed through EFS on October 17, 2006, applicants cannot confirm that it happened, or if it happened, or how it could have happened.

Applicants' records show one application filed October 17, 2006 which was assigned Serial No. 10/599,989. Applicant does not have a record of an application filed with Serial No. 10/599,988. Since Serial No. 10/599,988 is not available in PAIR, applicant has no way of determining the contents of the application, nor if the application was actually filed by Philips Electronics North America, Customer No. 24737.

Respectfully submitted,
